## **SilentArena to play Download Festival**

*Download festival will play host to Silent Disco by SilentArena to close each evenings events at the Summer Rock bash running from 13<sup>th</sup> – 15<sup>th</sup> June.*

At this year's Download Festival (13<sup>th</sup> – 15<sup>th</sup> June), Live Nation in conjunction with SilentArena, will host the music experience that is taking the world by storm. Tickets are still available for the festival priced from £60. Available from Ticketmaster.

The Silent Disco will see out the festivities each evening at the festival. It is an innovative solution to the noise restrictions placed on the event; allowing it to run 2 hours longer than usual. SilentArena's presence at **THE** rock festival of the year highlights the growing interest in Welsh based crew. With close to 1000 participants expected at the disco you can be sure it won't remain silent for long. This record breaking event will surely be an experience not to be missed as Download festival holds its first ever silent disco!
